CINEMA SERIES | LINE

A modular system made with four different Core options: an Absorber, a Diffuser, a Bass Trap, and a Frame Core. The Frame Core is specifically designed to conceal speakers behind it, allowing for a seamless design across the entire wall while maintaining full acoustic treatment. All the wooden cores are fitted with various acoustic front designs that can be freely removed, swapped, or replaced.

FRONT DESIGNS & COMPATIBLE CORES

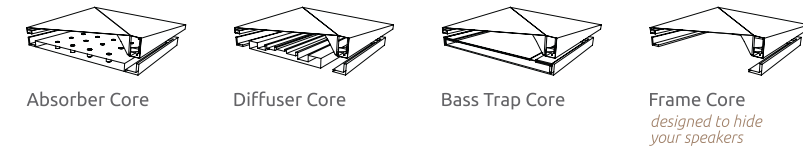

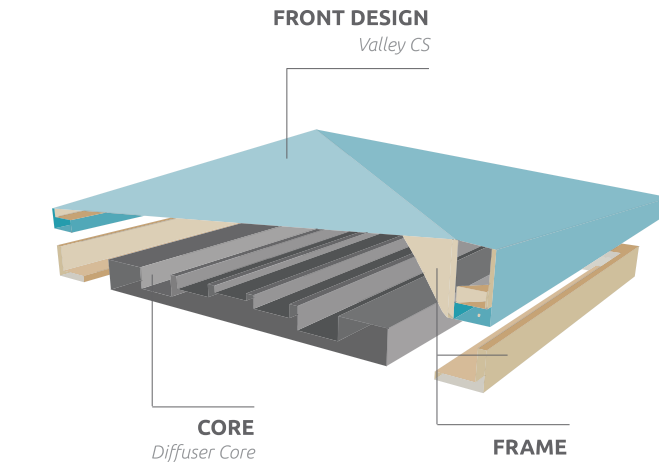

Choose the Core with the front design that best fits you.
