

► Description

The BSG series are 19" grill security panels made of 1 mm thick steel. They are provided with a black (RAL9004) structured powder coating and are available in 1 unit and 2 units size. The panels can be installed in front of any 19" device, preventing unauthorized persons from touching. The fine grilled structure allows monitoring of indicators such as LED's and displays on the front panel, while providing 24 mm space for extending controls.
