

### ► Description

The BP1XXT series are 19" blind plates with 6, 8 or 12 D-size holes and with tension relief. They are made of 1.5 mm thick cold rolled steel, provided with a black (RAL9004) structured powder coating. The D-size holes offer a flexible solution for user specific connection panels while the tension relief prevents the cables from being pulled out of the connectors.

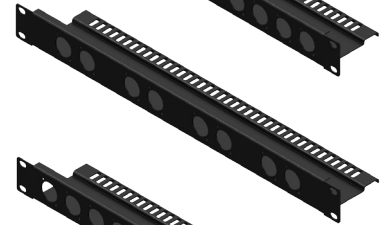

### ► Types

- BP106T (6 D-size holes)
- BP108T (8 D-size holes)
- BP112T (12 D-size holes)

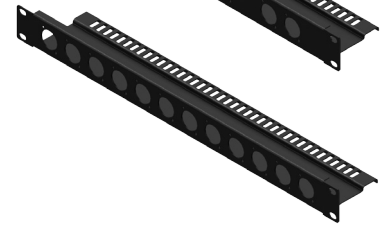

BP106T

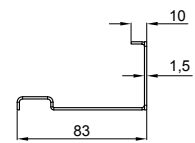

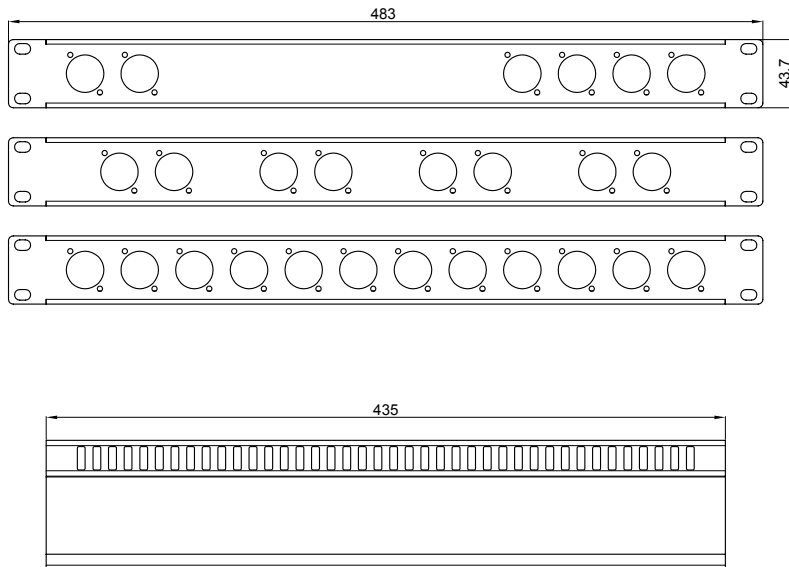

BP108T

BP112T
