

# elipson | W35 Xi

# Sound (R)evolution.

Discover the brand-new generation of the connected speaker W35 with the W35 Xi.

Equipped with Chromecast and AirPlay 2 connectivity, this high-end speaker merges exceptional sound with cutting-edge connectivity, providing an unparalleled listening experience.

Sound improvements brought to the W35 Xi include increased clarity and precision in the high and mid-range registers, ensuring fidelity to the original recording.

The minimalist and elegant design of the W35 Xi, adorned in a deep, intense black hue, embodies the perfect fusion of tradition and innovation. This exceptional creation, born from the French craftsmanship of Elipson, is crafted from premium materials, ensuring timeless aesthetics and unwavering durability.

The W35 Xi, an ode to audiophile excellence.

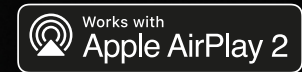

# Extraordinary Connectivity.

The W35 Xi opens the doors to extended connectivity, incorporating AirPlay 2 and Chromecast, as well as the music platforms Amazon Music, Deezer, Spotify Connect, Tidal, Qobuz, and even your favorite web radios. You can savor your music with ease, streaming it from a multitude of sources.

It also offers wired connection options, including an optical Toslink input and an auxiliary mini-jack input. For home automation setups, the RJ45 socket simplifies network connection.

# Sound perfection becomes accessible.

The W35 Xi elegantly marries sound quality with an excellent value proposition, delivering impeccable audio playback with deep bass and remarkably precise mid-high frequencies.

Designed for discerning connoisseurs and passionate music lovers seeking an unparalleled sound experience, the W35 Xi revolutionizes the high-end connected speaker market, setting a new standard of excellence at an incredibly competitive price of **€699**.

# Immersive Sound.

The W35 Xi speaker delivers an exceptional stereo sound experience with its arrangement of speakers and tweeters on each side. However, by acquiring two W35 Xi speakers, you have the opportunity to take it even further to achieve an even more impressive stereo image by dedicating one audio channel to each speaker.
