

GigBAR 2

GigBAR 2 adds to the original ultimate pack and go 4-in-1 light by including UV in its pars and strobes for increased color mixing and effects. GigBAR 2 includes a pair of LED Derby fixtures, LED pars, a laser, and 4 high-power, LED strobe lights all mounted on one bar. 4 individually adjustable and interchangeable heads let you cover any room or stage. GigBAR 2 strobes allow you to create exciting chase and slow-motion effects and the adjustable red and green laser scatters hundreds of bright dots and beams in all the right directions. Phenomenal built in automated and sound-activated programs are on board that include all 4 effects to make one complete show and you can easily control the unit from the display, [IRC](#), wireless foot switch or DMX to take your gig to a higher level. Master/slave multiple units under the control of a single [IRC](#) or wireless foot switch and save time running cables and extension cords by power linking multiple units. GigBAR 2 is ready for every application using the included mounting brackets to attach to truss. Get in and get out quickly with the included tripod, wireless footswitch and FREE carry bags.
