Installation

- Step 1
- Electrical wall box
- Wall adapter
- Electrical wall box screws
- ⬛ Four screws for additional fixing
- Touch panel
- Step 2
- Step 3
- Fixing screw

Installation steps are as follows

1. Install wall adapter on the electrical wall box and provide additional fixing by four delivered screws and fasteners.
   ⬛ Additional fixing is strictly recommended for this type of panel.
   ⬛ Use delivered screws or keep maximum screw dimensions as described below.

max. 1.7 mm

Max. Ø 5.5 mm
2. Connect network cable and put the touch panel on the wall adapter.

3. Carefully tighten the fixing screw to fix touch panel on the wall.
